Healthcare
Compliance
Doesn't Have to
Be Overwhelming

Healthcare organizations are under constant pressure to protect sensitive patient data, manage sprawling data landscapes, and meet complex regulatory demands like HIPAA, HITECH, and multi-jurisdictional privacy requirements, including GDPR. With fragmented systems, manual processes, and hidden compliance risks, the stakes couldn't be higher—leaving organizations vulnerable to fines, reputational damage, and inefficiencies.

The Arctera Insight Platform is built to tackle these challenges head-on. By unifying data, surfacing risks, and automating workflows, Arctera empowers you to reduce costs, simplify compliance, and safeguard patient privacy—all while freeing up resources to focus on delivering exceptional care.

Taking Control of Compliance and Data Governance

- **See the Full Picture:** Gain clarity and visibility into all your data, from hidden silos to fragmented repositories, to ensure nothing falls through the cracks.
- **Proactively Manage Risks:** AI-powered insights surface compliance gaps and risks before they escalate into costly penalties.
- **Streamline Complex Workflows:** Automate subject access requests (SARs), eDiscovery, audits, and investigations to save time and reduce burdens.
- **Protect What Matters:** Secure sensitive patient data and communications to ensure privacy, reduce exposure risks, and build trust.

Real-World Transformations

Medical Center Eliminates Compliance Risks and Reduces Costs

A leading nonprofit medical center managing over 3 petabytes of patient and research data faced mounting challenges with fragmented systems and unmanaged data stores. Arctera enabled the center to:

Achieve 100% visibility
into their data landscape.

Eliminate 15% of redundant
data, saving \$2 million annually
in storage costs.

Automate compliance
workflows, **reducing audit
preparation time by 60%.**

The result? Improved data governance, reduced compliance risks, and more resources freed for patient care.

Research Leader Simplifies Cloud Migration and Meets Regulatory Standards

A global clinical research organization sought to migrate from legacy systems to a scalable cloud environment while maintaining compliance with HIPAA and GDPR. With Arctera, they:

Reduced migration time by **40%**
with automated workflows.

Enabled compliance for over
120,000 patient records
across jurisdictions.

**Cut operational costs by
\$1.5 million annually** through
better data optimization.

The organization successfully modernized their infrastructure without compromising regulatory compliance.

Healthcare Provider Reduces eDiscovery Costs and Accelerates Investigations

A multinational healthcare provider struggled with manual eDiscovery processes that were time-intensive and costly. Arctera's AI-powered eDiscovery and investigation tools delivered:

A **70% reduction in eDiscovery
costs**, saving \$4 million annually.

50% faster response times for
legal and regulatory investigations.

Improved compliance with
automated reporting, **reducing audit
preparation time by weeks.**

This allowed the provider to focus on strategic initiatives while remaining confident in their compliance readiness.

The Arctera Advantage

Comprehensive Data Visibility

Gain full visibility into where your data lives and how it's being used, across on-premises, cloud, and hybrid systems.

Proactive Risk Detection

Stay ahead of compliance risks with actionable insights from explainable AI that surfaces what truly matters.

Effortless Automation

Streamline SAR responses, investigations, and audits with efficient workflows that save time and resources.

Cost Optimization

Eliminate redundant data stores, reduce storage costs, and improve operational efficiency across your organization.

Global Regulatory Confidence

Navigate complex regulations like HIPAA, HITECH, GDPR, and more with a solution designed for global compliance.

Take Charge of Compliance Today

Arctera helps healthcare organizations simplify compliance, secure patient data, and proactively address risks, turning challenges into opportunities.
